TENNESSEE

EASTERN BLOWOUT SERIES SEPT 7 - TENNESSEE
by glen gutierrez

The trip was long , the weather was hot, and the contest was tomorrow morning. We got to Tennessee about 1:00 a.m. Saturday. We were lucky to get there in one piece cause we were going 90 to 100 mph all the way up there. (We only got pulled over once for going 80 mph, good thing Eric can talk fast.) It was me Mike C., Henry G., Eric S., Charles H., and John F. in one motel room. Next door was Al M., Gregor R., Beas L., Dana J., and Keith A. After watching John and Eric jump on the beds for a couple of hours and some hard partying, we got to sleep about 5:00 a.m. Next day the contest scene was cool. The ramp was huge. (10 ft. radius , 1 ft. of vert, 24 ft wide) The crowd was pretty cool, a lot of sticker hungry kids. After the 1a jam, the 2a jam was started which consisted of all V.B. skaters except for a guy from Tennessee. Sponsored was up next. Henry got jello legs and didn't make the cut.

Here's the top 4 finalists and their high light tricks:

First Gregor Rankin - 6 ft backsides
(1 footed , method , switch grip)
boned frontsides , neons and leins.

Second Al Midgett - 5 - 6 ft backsides,
leins and inverts and a good mcTwist
attempt.

REPORT

Third Mike Crescini - 5 - 6 ft. backsides,
wild layback airs, frontal handplants,
eggs and bonelesses.

Fourth Rob Taylor - Olley oop channels,
channel plants, bonelesses and inverts.

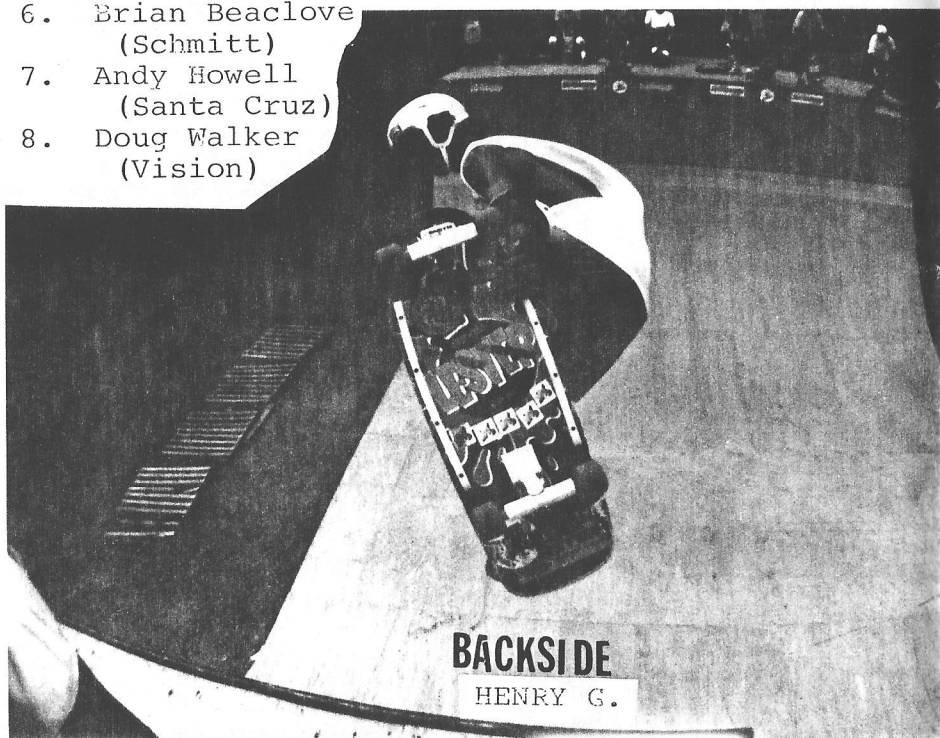

Halfway through the contest the cops came
looking for the WRV team for stealing
pillows (7 of 'em) from the motel. We
went home, back to Virginia Beach. It
was fun.

skating. Vertical skaters

Jr., one of the younger skaters of Virginia Beach, can be seen any day of the week ripping at Mt. Trashmore, blasting airs chest to head high. Jr. doing all sorts of tricks has done very well in contests and is now on the 17th Street Team. Jr. is now riding a Jeff Phillips. He is increasing his number of tricks. He just learned fakie airs and fakie iceplants. Jr. wants to wait a little longer before looking for a sponsor. He is in no hurry and has no particular company in mind. He just wants to skate hard and learn more tricks.

LOCAL GOSSIP

EDDIE GUTIERREZ still looking for a sponsor and with good reason. 17th contest was a good one. A lot of people were there. MIKE C., AL M. and JOHN F. just came back from Arkansas. During the trip JOHN F. got sponsored by Smitt Stix. Way to go JOHN. Hall of sports has the delmar video. Check it out. Trashmore just got some new coping. Watch for upcoming street contests. Until later, SKATE TOUGH AND HAVE FUN.

ANY WAY YOU ADD IT UP

TRICK TIP

The first tip to this trick is that you should already know how to do a frontside boneless on the ramp. If you can do that, read on.

STEP 1

by
ed gutierrez

STEP 2

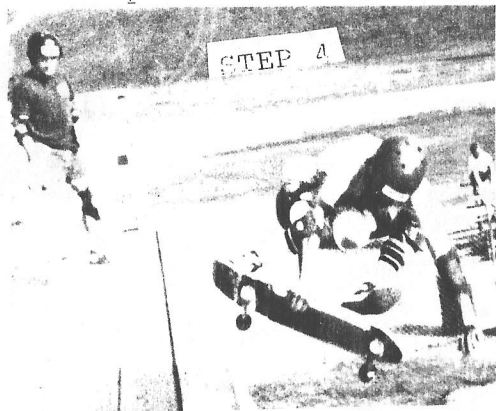

Step One - Make sure you roll out where you want to launch off from. If you make that with no sketch, keep rollin.

Step Two - You got to land with a lot of speed to get a good boost. The speed makes it easier.

STEP 3

STEP 4

Step Three - As you approach the coping boost a frontside boneless, not straight up, but at an angle going forward.

Step Four - When you do that, you should be going in like a frontside air and land perfectly if you skate tough. Have fun.

RECORD REVIEWS - By Joe Pollara

SNFU - No one else wanted to play (L.P.)

Nothing to say but energy. This 5 piece isn't what you expect at first. But worth it.

DRI - Dealing with it (L.P.)

After the break-up, I thought it was over, but this is even better.

GANG GREEN - Skate to Hell (E.P.)

Two songs well worth it. Vocals much clearer than the old G. G.

G.I.'S - Fun never ends (L.P.)

Lotta metal here. After joy ride I thought there was no future but they came back.

MYSTIC SUPER 7 - (E.P.)

Pretty rad licks from the promising Mystic but there are about 3 sours out of 7 (it's up to you).

SCARED STRAIGHT - (E.P.)

Rapid speed here. It's smooth too. A must.

RAT PACK - (E.P.)

Five piece bank with loads of fast thrash (but of course).

OTHERS TO CHECK OUT:

Big City (N.Y. Comp)

Doggy Style (Work as one)

7 Seconds (Walk Together)

JOE POLLARA

- 100%: Have any of you been in previous bands?
N.O.T.A.: Russel, he was in a band, the Fux; but for the rest of us it's the first.
- 100%: Who are your major influences?
N.O.T.A.: Really it goes all the way back to early punk (Pistols, Clash) and all corners of today's Hardcore.
- 100%: Is there anything you don't like about the scene today?
N.O.T.A.: It's getting out of control. To Big Time. It's not just for the kids anymore
- 100%: Is N.O.T.A. planning any future vinyl?
N.O.T.A.: Well we just released a L.P., and two E.P.'s just before that. It will probably be late 86 before are next release.
- 100%: N.O.T.A. has been together for a long time, why is it that you've only recently come out with a vinyl?
N.O.T.A.: We had some E.P.'s out in 81, but the quality wasn't that good, and it took money to get the records.
- 100%: Closing comments.
N.O.T.A.: V.B.'s cool! Best place in VA. so far. Much better turn out than Richmond.
